

Record of Public Comments

Received between 10/4 and 11/2

The following lists the public comments received from any means of communication including the project website and email over the last month. These do not include comments given at any of the public meetings for the Master Plan project. Comments provided at the public meetings are included in the Appendices of the Cleveland Township draft Master Plan.

Comment 6- Received 10/26

Shouldn't you also mention that a legal complaint has been filed against the NPS based on errors and omissions in completing the EIS. (Regarding - extend east around Little Traverse Lake).

Other concerns not mentioned in the public input summary for Station 3- Climate change and its impacts on stormwater, flooding, and washouts. - The increasing number of tourists visiting the National Park Service. - The declining condition of Sugar Loaf Mountain Resort.

A lake – word should be lack - of “safe” shoulders on M-22, Co. Rd. 667, and Co. Rd. 669 for pedestrians and bicycles.
